

Welcome to La Fetra Elementary School! I am super excited to begin the new year with our wonderful kiddos, supportive families and amazing staff. At La Fetra, we are committed to providing an exceptional educational experience for ALL students in a safe, nurturing environment. We strongly believe that ALL students can learn, just not in the same way and not always on the same day. As such, our teachers and support staff present engaging lessons that align with common core content area standards and provide multiple opportunities for practice and mastery of skills and concepts.

In addition to rigorous instruction and high-quality standards, we are fortunate to have a strong partnership with our PTA, who invest countless hours planning and executing extracurricular events and activities that enhance our school curriculum. From Family Events to Student Recognition Assemblies to educational field trips and activities, our PTA finds ways to immerse ALL students and families in the lively school culture.

We are a community of learners who embrace all aspects of learning and growing. While academic excellence is our primary goal, we are equally committed to supporting the socioemotional needs of our students and families. The La Fetra Family is comprised of a group of caring, dedicated individuals whose loyalty lies in instilling confidence and pride in each of our students. Welcome to the La Fetra Family! We hope you experience the joy of learning and growing with us and feel at home in our cozy school setting.

Yours in Education,

Marie Porcell
